Before the Accident

E

     F#
Well here s to you
       C#
And your old crew
      F#   **C#**
For when you used to run this town
 F#   **C#**
Before the new kids came around
E
Before you came back

Before you went away

Before everything here changed

F#
Here s to you
       C#
And your old crew
F#   **C#**
Before you played your cards too soon
       E
Here s to sitting around and talking

About how wild you used to be

Here s to stagnating and complaining

And to your lame washed up bar scene

D   **A**   **C**   **G**
Here s to you before growing up too soon
           D **A**   **D** **A**   **D** **A**
Before the accident, accident, accident,

D   **C#**   **A**
Here s to being bitter, here s to regret
D   **C#**   **B**
Here s to the old days, drink to forget
D   **C#**   **A**
Here s to you ditching your used-to-be s
D   **C#**   **B**   **F#**
And coming back out on the town with me

```
D          A              C                G
Here s to you before growing up too soon
                D   A     D   A     D   A
Before the accident, accident, accident,
E                A
Before the...
