

**Before The Accident**  
**Pinhead Gunpowder**

Before the Accident

**F**

**G**  
Well here s to you

**D**  
And your old crew

**G** **D**  
For when you used to run this town

**G** **D**  
Before the new kids came around

**F**  
Before you came back

Before you went away

Before everything here changed

**G**  
Here s to you

**D**  
And your old crew

**G** **D**  
Before you played your cards too soon

**F**  
Here s to sitting around and talking

About how wild you used to be

Here s to stagnating and complaining

And to your lame washed up bar scene

**Eb** **Bb** **C#** **G#**  
Here s to you before growing up too soon

**Eb** **Bb** **Eb** **Bb** **Eb** **Bb**  
Before the accident, accident, accident,

**Eb** **D** **Bb**  
Here s to being bitter, here s to regret

**Eb** **D** **C**  
Here s to the old days, drink to forget

**Eb** **D** **Bb**  
Here s to you ditching your used-to-be s

**Eb** **D** **C** **G**  
And coming back out on the town with me
