Before the Accident

Eb

       F
Well here s to you
        C
And your old crew
      F   **C**
For when you used to run this town
 F   **C**
Before the new kids came around
Eb
Before you came back

Before you went away

Before everything here changed

F
Here s to you
       C
And your old crew
F   **C**
Before you played your cards too soon
      Eb
Here s to sitting around and talking

About how wild you used to be

Here s to stagnating and complaining

And to your lame washed up bar scene

C#   **G#**   **B**   **F#**
Here s to you before growing up too soon
             C# **G#**   **C#** **G#**   **C#** **G#**
Before the accident, accident, accident,

C#   **C**   **G#**
Here s to being bitter, here s to regret
C#   **C**   **Bb**
Here s to the old days, drink to forget
C#   **C**   **G#**
Here s to you ditching your used-to-be s
C#   **C**   **Bb**   **F**
And coming back out on the town with me
