        G/B              Csus2      G
Will you make it sound so pretty even when it s not?
      Em7                  Csus2         G
Didn t choose but it s the only one we ve got
       G/B          Csus2
And sometimes I get so tired
          G
Of getting tired up my thoughts
         Em7           Csus2
You re the only one that ever makes it stop
```

```
      G/B  Csus2       G
God, it hurts     to be human
      Em7 Csus2       G
Without you     I d be losing
      G/B Csus2             G
And someday     we ll face the music
      Em7    Csus2
God, it hurts     to be human
```

```
            Em7        D        C        G
But I ve got you, you, you, you, you, you (hey)
            Em7      D       C   G
```

And you ve got me, me, me, me, too

```
        G/B             Csus2           G
I could buckle and preparing for the crash
        Em7             Csus2           G
Like I m walking down a road of broken glass
        G/B             Csus2
Now if we defeat our lords and emperors
            G
And it was us against the world
            Em7
You could count on me
    Csus2                   G
You know I d have your back
```

```
        G/B     Csus2       G
God, it hurts       to be human
        Em7 Csus2       G
Without you      I d be losing
        G/B Csus2                   G
And someday       we ll face the music
        Em7     Csus2
God, it hurts       to be human
```

```
            Em7         D           C           G
