

Make Me Cry
Pip Millett

Em

Fuck you and your lies

D

And your last goodbyes

Am

You're a victim in your own game

C

Stick it to mister no-name

Em

Pity, anger

D

Guess I don't hold the answer

Am

C

I can take my own way, same yesterday

Em

And it goes round and around

D

Round and around

Am

A vicious circle how can it be

C

That this feeling's got a hold of me?

Em

I'm fine

D

This is the last time

Am

Be free

C

Someone took these chains off of me

Em

And I

G

Should be happy on my own

Am

And I

C

Don't want to make you feel at home

Em

Cause I know that when I'm lonely

G

You'll be by my side

Am

But it's only when I'm lonely

C

That you seem to make me cry

Em

I'm numb, lonely

D

Thought I was the only one

Am

It's hard to find the right words

C

Knowing that they'll all hurt

Em

In sync with the sunset

D

Down and I am out for the night

Am

Surrounded by the darkness

C

Trying to find the light

Em

And it fluctuates

D

I'm infatuated with my fate

Am

In the depth of my sadness

C

I can't wait to reach that high

Em

I'm fine

D

This is the last time

Am

Be free

C

Someone took these chains off of me

Em

Cause I

G

Should be happy on my own

Am

And I

C

Don't want to make you feel at home

Em

Cause I know that when I'm lonely

G

You'll be by my side

Am

But it's only when I'm lonely

C

That you seem to make me cry

Em G

But it's only when I'm lonely

That you seem to make me cry
