GET IT STARTED - Pitbull ft. Shakira

Tabbed by: Jack
E-mail: wowimaperson@yahoo.com

Tuning: Standard

First tab!! Hopefully I did everything right :)

- E: 022100 OR x79997
- E/B: x22100 OR 779997
- B: x24442
- C#m: x46654
- A: x02220 OR 577655

Every second measure of C#m in the intro and chorus technically should be voiced as C#m/B, but I can't for the life of me figure out how to play that chord so I left it out. You can ignore the E/B and just play E for two measures if you like.

INTRO:

Some, if not all, of the bass notes are kind of hard to play along with the main part... I just included them for finality :D
