

## Birthday

Pixie Lott

**D**

Felt like I was having one of them days

**A**

When nothing goes right, so I drift away

**G**

Stuck with my back up against the wall

**G**

Didn't know it was you I was waiting for

**D**

Close to tears, I was stressing out

**A**

With you I forgot what I worry about

**G**

Took your time but at least you're here

**G**

And all the drama's disappeared

**D**

**G**

**A**

Oh, you saved my life, you saved my life

**D**

It started out as the worst day

**A**

But now you got me feeling like it's my birthday

**G**

You got me singing like oh, oh, oh, oh, oh, oh (it's my birthday)

**G**

You got me like oh, oh, oh, oh, oh, oh (it's my birthday)

**D**

Caught in the rain with no lifeline

**A**

Till you came along and brought a piece of sunshine

**G**

You got me singing like oh, oh, oh, oh, oh, oh (it's my birthday)

**G**

You got me like oh, oh, oh, oh, oh, oh (it's my birthday)

**D**

Don't need a party or Bacardi and Coke or cake
