

Break Up Song
Pixie Lott

verse 1

C

By the grace, of your lips

Dm

I have long searched, happiness

F

And the love, in our hearts

C

G

Shone away, through the dark

C

C

But lately, lately, lately, lately, I

Dm

Dm

Have felt an overwhelming need to cry

F

F

And maybe, maybe, maybe we can try

C

G

To make it right, oh to make it right

Chorus

C

This is our break up song, but

C

Dm

Can't we just get along for the night

Dm

Not a fight, one less goodbye

F

But just a moment, let me hold back

F

C

Baby hold back, all the things we haven't said

G

Make love like we just met

verse 2

C

By the way

C

Dm

Dm

That you kiss, I know it's over, yeah all of this
