**B E C#m F# B**  
Hmmmmm hhhhmmmmmm hmmmm hhmrm

**E**  
I only miss you when you call  
**F# E B**  
So please donâ€™t pick up the phone again  
**E**  
In the confusion of it all  
**F#**  
Give me time  
**E**  
While my mindâ€™s unravelling

**F#**  
I just canâ€™t escape this feeling  
**G#m**  
But itâ€™s taking over me  
**B**  
All over me  
**E F#**  
I know now I canâ€™t try to hide it  
**C#m C#**  
Itâ€™s clear to me that I canâ€™t fight it

**B E**  
You wanna take it back to where it was  
**C#m**  
But I canâ€™t make this over  
**F#**  
I canâ€™t make this over  
**B C#m**  
You want another chance to try again

But I canâ€™t make this over  
**G#m**  
I canâ€™t make this over  
**B**  
Now

Donâ€™t say I donâ€™t miss the way we were  
I thought nothing could tear us apart  
Why do you have to sabotage our love  
And leave me with a broken heart?

You think, that I wonâ€™t forgive you  
Itâ€™s far beyond a breakup

Kiss and make up

I know now that it's not about you  
I know that I can't live without you

You wanna take it back to where it was  
But I can't make this over  
I can't make this over  
You want another chance to try again  
But I can't make this over  
I can't make this over

**B** **E**

And now I'll follow my heart

**G#m** **F#**

And now you're out of my life

**E**

And now

You wanna take it back to where it was  
But I can't make this over  
I can't make this over  
You want another chance to try again  
But I can't make this over  
I can't make this over [x2]

Now
