

Cant Make This Over
Pixie Lott

B E C#m F# B
HmMMMM hhhhmMMMM hmMMMM hhmMM

E
I only miss you when you call
F# E B
So please don't pick up the phone again
E
In the confusion of it all
F#
Give me time
E
While my mind's unravelling

F#
I just can't escape this feeling
G#m
But it's taking over me
B
All over me
E F#
I know now I can't try to hide it
C#m C#
It's clear to me that I can't fight it

B E
You wanna take it back to where it was
C#m
But I can't make this over
F#
I can't make this over
B C#m
You want another chance to try again

But I can't make this over
G#m
I can't make this over
B
Now

Don't say I don't miss the way we were
I thought nothing could tear us apart
Why do you have to sabotage our love
And leave me with a broken heart?

You think, that I won't forgive you
It's far beyond a breakup

Kiss and make up

I know now that itâ€™s not about you
I know that I canâ€™t live without you

You wanna take it back to where it was
But I canâ€™t make this over
I canâ€™t make this over
You want another chance to try again
But I canâ€™t make this over
I canâ€™t make this over

B **E**

And now Iâ€™ll follow my heart

G#m **F#**

And now youâ€™re out of my life

E

And nowâ€¦

You wanna take it back to where it was
But I canâ€™t make this over
I canâ€™t make this over
You want another chance to try again
But I canâ€™t make this over
I canâ€™t make this over [x2]

Nowâ€¦
