

Dancing On My Own
Pixie Lott

First Tab. Young Foolish Happy UK version featuring Marty James. Couldn't find any chords for this song so decided to try and work it out myself so here is my attempt with lyrics. I think it's relatively correct...

Standard Tuning

A F#m E E E7 throughout the whole song. :)

Intro:

(Marty James:)

You know I'm trying to make it happen for us right now
I got to do what I got to do, me and you

In the little tiny castle made of hopes and dreams

E

It was destiny, meant to be

E E7 - E

So complete, the perfect team

And suddenly there's a glitch in the system
And between us is a big strip of distance
They say it supposed to make the heart grow fonder
For more like I can tell it couldn't be wronger

A little bit of more goes a long way

(Marty James:)

A little bit of right goes the wrong way

(Pixie Lott:)

I keep giving, you keep taking

(Marty James:)

I'm trying to make a living be patient

Chorus (Pixie Lott):

A F#m

All dressed up nowhere to go

E E E7

So I'm dancing on my own

A

F#m

Verse 2:

(Marty James:)

Listen, I don t want you dancing by yourself

And I don t want you picturing yourself with someone else

I know I made some promises and honestly I wanna just to work out

I didn t know the shining star I found was bout to burn out

So what now? We go around like a record

I feelin disconnected and you re feelin disrespected

I don t know how this gonna rap up

But till I m home you should turn that track on

Pre-Chorus Hook:

(Pixie Lott:)

And that s all I get from you

But I give my all to you

(Marty James:)

And that s all I hear from you

Chorus (Pixie Lott):

All dressed up nowhere to go

So I m dancing on my own

I ve been waiting way too long

Dancing on my own

Play one more so-o-o-o-o-o-ong

So-o-o-o-o-o-ong

So-o-o-o-o-o-ong

Only you re not coming

So-o-o-o-o-o-ong

So-o-o-o-o-o-ong

So-o-o-o-o-o-ong

Only you re not coming home

(Marty James:)

I always think about her
Try to not over think about her
I Always dream about her
Try not to dream about her

I feel so lost without her
I try to come home
And it s so hard being out on my own
It breaks my heart to leave you alone

Chorus (Pixie Lott):

All dressed up nowhere to go
So I m dancing on my own
I ve been waiting way too long
Dancing on my own
Play it one more so-o-o-o-o-ong
So-o-o-o-o-ong
So-o-o-o-o-ong
Only you re not coming
So-o-o-o-o-ong
So-o-o-o-o-ong
So-o-o-o-o-ong
Only you re not coming home
