G

I know that I still haven't found you,

F

And when I wanna stand on my own too

C

Suddenly you start to show

C

Signs of what is possible

G

Then you're back to your ways and I let me down

F

C

Tell me why I keep tryin' to stay around

C

When all my family they're always telling me

G

Be through with you

F

And I know that deep down I'm calling time on you

C

C

On you

C

On you

G

F

Every time I'm ready to leave

I seem to be

C

Pulling in the wrong direction

C

Diving in with no protection

G

F

And you can't keep steering me wrong

Oh, gravity

C

Pulling me back pulling me in

C

Why are you pulling me back pulling me in

G

F

C

Just like gravity

G

I know I betray what I'm made to

F

And all the universe when I see you

C

Cause every night the stars will shine

C

Mergin into you turn signs

G

Anything that they can just to change my mind

F

When I pass your road I can t help rewine

C

What is wrong with me?

C

All that I want to be is

G

Through with you

F

C

And I know that deep down I m calling time on you

C

On you

C

On you

G

Every time I m ready to leave

I seem to be

Pulling in the wrong direction
