Gravity
Pixie Lott

G#
  I know that I still haven t found you,
F#
  And when I wanna stand on my own too
  C#
  Suddenly you start to show
  C#
  Signs of what is possible

G#   **F#**
  Then you re back to your ways and I let me down
                                            C#
  Tell me why I keep tryin to stay around
                        C#
  When all my family they re always telling me

        G#
  Be through with you
                    F#   **C#**
  And I know that deep down I m calling time on you
  C#
  On you
  C#
  On you

        G#   **F#**
  Every time I m ready to leave

  I seem to be
  C#
  Pulling in the wrong direction
  C#
  Diving in with no protection
          G#   **F#**
  And you can t keep steering me wrong

  Oh, gravity
  C#
  Pulling me back pulling me in
  C#
  Why are you pulling me back pulling me in
            G#   **F#**   **C#**   **C#**
  Just like gravity

G#
  I know I betray what I m made to
F#

And all the universe when I see you
C#
 Cause every night the stars will shine
C#
Mergin into you turn signs

G#
 Anything that they can just to change my mind
F#
 When I pass your road I can t help rewine
C#
What is wrong with me?
C#
All that I want to be is

   G#
Through with you
                   F#   **C#**
And I know that deep down I m calling time on you
C#
On you
C#
On you

       G#   **F#**
Every time I m ready to leave

I seem to be
C#
Pulling in the wrong direction
C#
Diving in with no protection
        G#   **F#**
And you can t keep steering me wrong

Oh, gravity
C#
Pulling me back pulling me in
C#
Why are you pulling me back pulling me in
        G#   **F#**   **C#**   **C#**
Just like gravity
