Gravity
Pixie Lott

F#
  I know that I still haven t found you,
E
  And when I wanna stand on my own too
  B
  Suddenly you start to show
  B
  Signs of what is possible

F#   **E**
  Then you re back to your ways and I let me down
                            B
  Tell me why I keep tryin to stay around
                B
  When all my family they re always telling me

      F#
  Be through with you
                E   **B**
  And I know that deep down I m calling time on you
  B
  On you
  B
  On you

      F#   **E**
  Every time I m ready to leave

  I seem to be
  B
  Pulling in the wrong direction
  B
  Diving in with no protection
        F#   **E**
  And you can t keep steering me wrong

  Oh, gravity
  B
  Pulling me back pulling me in
  B
  Why are you pulling me back pulling me in
          F#   **E**   **B**   **B**
  Just like gravity

F#
  I know I betray what I m made to
E

And all the universe when I see you
B
 Cause every night the stars will shine
B
Mergin into you turn signs

F#
Anything that they can just to change my mind
E
When I pass your road I can t help rewine
B
What is wrong with me?
B
All that I want to be is

   F#
Through with you
                    E   B
And I know that deep down I m calling time on you
B
On you
B
On you

     F#   E
Every time I m ready to leave

I seem to be
B
Pulling in the wrong direction
B
Diving in with no protection
        F#   E
And you can t keep steering me wrong

Oh, gravity
B
Pulling me back pulling me in
B
Why are you pulling me back pulling me in
        F#   E   B   B
Just like gravity
