PJ Harvey

intro:D Am Em (3x) D Am Am

VERSE:

**Am**

Death was everywhere,

**Em**

in the air and in the sounds

**D**

coming off the mounds of Bolton s Ridge.

**A**

Death s anchorage.

**Am**

When you rolled a smoke or told a joke,

**Em**

it was in the laughter and drinking water

**D**

it approached the beach as strings of cutters,

**A**

dropped into the sea and lay around us.

**Am**

Death was in the ancient fortress,

**Em**

shelled by a million bullets

**D**

from gunners, waiting in the copses

**A**

with hearts that threatened to pop their boxes,

**Am**

as we advanced into the sun

**Em**

death was all and everyone.

**D** **A**  
death was all and everyone.

**Gm Dm F Gm**

VERSE:

Still lying out there in the open
