**PJ Harvey**

intro: **Am G F E7**

**Am**                      **Dm**                      **E7**  
He came riding fast like a phoenix out of fire flames  
**Am**                      **Dm**                      **E7**  
He came dressed in black with a cross bearing my name  
**Am**                      **Dm**                      **E7**  
He came bathed in light and the splendor and glory  
**Am**                      **Dm**                      **E7**  
I can t believe what the lord has finally sent me

(**Am Dm E7**)

He said dance for me, fanciulla gentil  
He said laugh a while, i can make your heart feel  
He said fly with me, touch the face of the true god  
And then cry with joy at the depth of my love

(**Am Dm E7**)

Cause i ve prayed days, i ve prayed nights  
For the lord just to send me home some sign  
I ve looked long, i ve looked far  
To bring peace to my black and empty heart

intro: **Am G F E7**

(**Am Dm E7**)

My love will stay till the river bed run dry  
And my love lasts long as the sunshine blue sky  
I love him longer as each damn day goes  
The man is gone and heaven only knows

(**Am G F E7**)

Cause i ve cried days. I ve cried nights  
For the lord just to send me up some sign  
Is he near? Is he far?  
Bring peace to my black and empty heart

(**Am G F E7**)até o fim...

So long day. So long night  
Good lord, be near me tonight  
Is he near? Is he far?  
Bring peace to my black and empty heart
