Strum the chords in the last verse:

G                    F                    Am  
Let me watch night fall on the river,  
G                    F                    Am  
the moon rise up and turn to silver,  
G                    F                    Am  
the sky move, the ocean shimmer,  
G                    F  
the hedge shake, the last living rose  
Am                    C F C  
quiver.
