Am **F**
Blue now is the colour

Dm
Love the drug I m needing

F
Got to keep this feeling

Am **F**
With the headlights burning

Dm
We re looking up for something

F
Answers on the ceiling

Am **F**
Watching out the windows

Dm
Watch the way the wind blows

F
Soon it will be morning

Am **F**
Still the question lingers

Dm
I twist it round my fingers

F
Could you be my calling?

Dm - Am - Dm - Em

Am **F**
See this winged boy falling

Dm
Falling out of something

F
Hits the drug I m needing

Am **F**
Arrows that he s turning

Dm
Need to keep this feeling

F
Slow drug in the morning

Dm - Am - Dm - Em

Am **F**
With the headlights burning

Dm
Looking up for something

F
Something that we re needing

Am **F**
Still the question lingers

Dm
I twist it round my fingers

F
Could you be my calling?

Am
