Am **F**
Blue now is the colour

Dm
Love the drug I m needing

F
Got to keep this feeling

Am **F**
With the headlights burning

Dm
We re looking up for something

F
Answers on the ceiling

Am **F**
Watching out the windows

Dm
Watch the way the wind blows

F
Soon it will be morning

Am **F**
Still the question lingers

Dm
I twist it round my fingers

F
Could you be my calling?

Dm - Am - Dm - Em
