

Five Years
Placebo

There are only a handful of chords in this song, but it s important to get the rhythm & timing right to get an accurate sound. Practise along with the song; it helps! Here s the chords if you need them:

G	Em	Am	C	D
e ---3---	---0---	---0---	---0---	---2---
b ---3---	---0---	---1---	---1---	---3---
g ---0---	---0---	---2---	---0---	---2---
d ---0---	---2---	---2---	---2---	---0---
a ---2---	---2---	---0---	---3---	---0---
e ---3---	---0---	---x---	---x---	---x---

one thing to note beforehand is that in the song the G & E minor chords are linked

by two notes; G & F#. this link should be played as follows:

e ---3-----0---	
b ---3-----0---	
g ---0-----0---	and so on. this is the case every time these two chords
d ---0-----2---	are played together. let the G chord ring on as you
a ---2-----2---	fret the two notes, and play them strongly.
e ---3--3-2--0---
