( F# Em )  
The end of the century  
I said my goodbyes  
For what it s worth  
I always aimed to please  
But I nearly died

For what it s worth  
Come on lay with me  
Cause I m on fire  
For what it s worth  
I tear the sun in three  
To light up your eyes

**F#**  
For what it s worth  
For what it s worth

**Em**  
For what it s worth  
For what it s worth

( F# Em )  
Broke up the family  
Everybody cried  
For what it s worth  
I have a slow disease  
That sucked me dry

For what it s worth  
Come on walk with me  
Into the rising tide  
For what it s worth  
Filled a cavity  
Your god shaped hole tonight

( F# Em )

No one cares when you re out on the street

Picking up the pieces to make ends meet

No one cares when you re down in the gutter

Got no friends, got no lover
