

Happy You're Gone  
Placebo

**C** **F**  
Breathe me every time you close your eyes  
**C** **F**  
Taste me every time you cry  
**C** **F**  
This memory will fade away and die  
**C**  
Just for today, breathe me and say goodbye

**C** **Am**  
How many times? How many times?  
**G**  
Now I can't look you in the eye  
**C**  
Now I can't look you in the eye  
**Am**  
How many times? How many times?  
**G**  
Now I can't look you in the eye

**C** **F**  
See me, in the eyes of another's child  
**C** **F**  
Turn away, when you see me walking by

Once in a while  
**C** **F**  
This melody will fade away and die  
**C**  
Just for today, breathe me and say goodbye

**C** **Am**  
How many times? How many times?  
**G**  
Now I can't look you in the eye  
**C**  
Now I can't look you in the eye  
**Am**  
How many times? How many times?  
**G** **F**  
Now I can't look you in the eye

**Am**  
And I don't even want to try  
**G** **F**  
My my, My my

**Am**

Cause every word from you is a lie

**G**

**C**

My my, My my

How many times? How many times?
