This song is pretty simple when you put each part in the correct place.

Starts with -

```
G|-----|
D|-----| Repeat a lot
A|-----| of times...
E|-123--3-3-3---10-10---123--3-3-3---10-10-----|
```

Then

```
G|-----|
D|-----| Those are 15s
A|-----| and 14s.
E|-15-15--151515--151515--151515--1514b14b-----|
```

```
G|-----| b means bend up.
D|-----| keep 14 bent to make it
A|-----| sound better. 15 & 14b
E|-14b14b14b--14b14b14b--14b14b14b--14b1515----| should make a slighty
                                                    different sound.
```

Then back to the first section.

Small interlude at 2:03
