**B**  
Shine the headlight  
**B**  
Straight into my eyes  
**B**  
Like the roadkill  
**B**  
I m paralysed  
**E** **B**  
You see through my disguise  
**B**  
At the drive-in  
**B**  
Double feature  
**B**  
Pull the lever  
**B** **E**  
Break the fever  
**B**  
And say your last goodbye  
  
**Abm** **F#** **B**  
Since I was born I started to decay  
**Abm** **F#** **B**  
Now nothing ever ever goes my way  
  
**B**  
One fluid gesture  
**B**  
Like stepping back in time  
**B**  
Trapped in amber  
**B** **E**  
Petrified  
**B**  
And still not satisfied  
  
**B**  
Airs and social graces  
**B**  
Elocution so divine  
**B**  
I ll stick to my needle  
**B** **E**

And my favourite waste of time

**B**

Both spineless and sublime

**Abm**
