Well then two can play  
Well then tow can play  
And I won't sit outside these walls  
When my steps are large and my heart is strong

Say your mine,  
I heard you crying and I hope you stay this time  
Give me some time  
Well I heard you saying  
That your heart is mine

I heard you crying and I hope you stay, this time

Give me some time

Well I heard you saying

That your heart is mine
