All That We Needed

D / **A** / **D** / **A** /

Bm / **A** / **Bm** / **A** /

   D
If you could come clean about everything
                 Bm
It would be easy for me to be sorry
   D
If you could see all the possibilities
                   Bm
We might not still be standing where we started

    G
Oh, no
Bm   **A**   **G**
Don t let me go for this
Bm   **A**   **D**
Don t let me go for this

           G   **Bm**
I might be a fool, but you might be one too
         A   **D**
Maybe we re all that we needed
                 G
Two wrongs don t make a right
             Bm
But I don t care tonight
       A
Maybe we re all that we needed

D
You could say we were just a big mistake
            Bm
I think it s worth making, worth repeating
D
I would say good things come to those who wait
       Bm
I would say anything if you d believe it

    G
Oh no
Bm   **A**   **G**
Don t let me go for this
Bm   **A**   **D**

Maybe we re all that we needed
D                        G

Maybe we re all that we needed

G            Bm          A              G
Maybe we re perfectly not meant to be
        Bm                    A          G
Or more alike than we re willing to see
              D              F#        Bm
Maybe we re not meant to not disagree
            A
Maybe we re crazy, baby

D
If you could come clean about everything

              G                                        Bm
I might be a fool, but you might be one too
