Lyrics:

Verse 1:

Can t believe the feeling that i felt when i saw you
If i was an artist on a paper i would draw you
Hang it on the wall with all th masterpieces
Cause that s where you belong
Before long the people would be lined up down the streets to see you
People that will never get the chance to really meet you
They won t see in this gallery just how beautiful you are.

Chorus:

You know i want you, I really want you
You don t know how bad i want you, I really do

Verse 2:

Can t believe thee feeling that i felt when i met you
If i was the piolet of a jet then i would let you
Fly us all the way up far into the stars
Cause that s where you belong
Before long the people would be wondering why we ve gone celestial
People would be wondering what makes you so special.
They won t see in this galaxy just how beautiful you are.

Chrous:

You know i want you
I really want you
You don t know how bad i want you
I really do

Bridge:

And when i finally get you
I ll probably want somebody else
Ain t that the way it goes.
