**Bbm**

I m in the darkest place

**F** **Fm**

I think I ve ever been

**Bbm**

you can see from the scars on my face

**F** **Fm**

I m not where I m supposed to be

**Bbm**

All alone

**Fm**

why have you forsaken me?

**Bbm**

All alone

**F** **Ab**

you make it hard to believe

**Gb**

**F**

**Gb**

I m in the darkest place, and I don t just mean this jail

**F**

in my mind there s a darkest space, trapped in an even darker cell

**Gb**

you got to see it to believe it s true, that s why it s so hard to believe in  
you

**F**

stay real, but you got to have faith, but I wondered where you were when I  
needed you

**Gb**

when that girl was telling lies in the court, with her hand on the Bible, where  
was the lightning?

**F**

The great vengeance, furious anger that Samuel L.J. made sound so frightening

**Gb**

she attempted to poison a brother, and I mean it in a Biblical sense, not a black way

**F**

she succeeded to destroy that brother, it s deep; you can make a fool battle out of laughing

**Gb**

she just did it for the money for the cash, eh? I bet she s rolling in it now she s famous

**F**

You must think that s fair considering I got to deal with man who want to feel a new anus

**Gb**

so you save up a months worth of fags, and trade them for a shank along with your trainers

**F**

and you take a man s life with your make-shift knife, cause that s how really messed up your brain is

**Bbm**

I m in the darkest place

**F** **Fm**

I think I ve ever been

**Bbm**

you can see from the scars on my face

**F** **Fm**

**F**

**Gb**

**F**

**Gb**

Are you real or a myth? Is there a heaven or just an abyss?

**F**

Sometimes I wonder if you even exist, cause if you do then you re taking the piss

**Gb**

I don t deserve this why are you torturing me God? We both know something ain t right here

**F**

it s been two whole months since I killed that man and I m still having nightmares

**Gb**

it was just self-defence, but try telling that to my conscience

**F**

my head s in a real bad way, but even when I tell you, you ignore me like its

nonsense

**Gb**

I was being attacked on a daily basis, I had to do something

**F**

and it weren t like you were going to intervene at any point cause you never do nothing

**Gb**

just I thought you d sent me an angel, then the second man tried put the first cut in

**F**

and got stabbed instead, but now I know that was just in my head, not the hole that I m stuck in

**Gb**

cause if he really was an angel you sent, he wouldn t be trapped in this jail with me

**F**

spread out his wings and fly, get out of this hell-hole quickly

**Gb**

that s how I know you re a fake, that s how I know you re a lie

**F**

that s how I know you re a made-up fictional character that lives in the sky

**Gb**

yeah it s all just a con, it s all just a scam

**F**

God ain t real, it s just a sham.
