

Why Me  
Planet P Project

[Verse 1]

**Em** **Bm**  
Sitting up here watching all the lights blink down below  
**C** **G** **D**  
The earth is turning, why does it go so slow?  
**Em** **Bm**  
Thinking about the girl I left behind  
**C** **G** **D**  
Houston can you hear me, or have I lost my mind?  
**Em**  
Why me? Why me?

[Verse 2]

**Em** **Bm**  
I was waiting on the pad, all systems were go  
**C** **G** **D**  
The man up in the tower was enjoying the show  
**Em** **Bm**  
Then I got this feeling that I never had before  
**C** **G** **D**  
Hey let me out of here, what am I here for?  
**Em**  
Why me?

[Chorus]

**Bm** **C**  
There must be a thousand other guys  
**Am** **Bm**  
Must be some other way to look good in your eyes  
**Bm** **C**  
Why am I up here? What do they see in me?  
**Am** **Bm**  
Must be one thousand other places to be  
**Em**  
Why me? Why Me?

[Verse 3]

**Em** **Bm**  
The last man to be here was never heard from again  
**C** **G** **D**  
He won't be back this way till 2010  
**Em** **Bm**  
Now I'm riding on a fountain of fire  
**C** **G** **D**  
With my back to the earth, I go higher and higher  
**Em**  
Why me? Why me?

[Chorus]

**Em** **C**  
There must be a thousand other guys  
**Am** **Bm**  
Must be some other way to look good in your eyes  
**Bm** **C**  
Why am I up here? What do they see in me?  
**Am** **Bm**  
Must be one thousand other places to be  
**Em**  
Why me? Why me?

**Em**  
Take anyone but me. Why me?  
Take anyone but me. Why me? [Fade out or ad lib]
