Blush Only You
Plumb

Intro: **Am**, **C**, **Em**, **D** x2 **Am**

```
C                G     D       Am
When you look at me I start to blush
     C              G     D       Am
and all that I can see is you and us
      C          G       D      Am, C
oh baby Iâ€™m so afraid to be in love
        G, D
with you,
        C
with you...

   C           G         D       Am
I wanna be in love with only you
     C             G        D          Am
I wanna watch the sky turn green and blue
     C           G          D      Am
I wanna know the kiss thatâ€™s always new
     C          G       D    Am, C
I wanna be in love with only you
        G, D
just you
```

Am, **C**, **G**, **D**, **Am**

```
      C                  G           D        Am
when stars are falling dark, will light the way
       C               G     D        Am
Weâ€™ll hit the ground and fall, into the shade
        C                  G        D   Am, C
Iâ€™ll light the night with fire, and run away
        G, D
With you,
        C
with youâ€¦

   C          G         D    Am
I wanna be in love with only you
     C             G        D          Am
I wanna watch the sky turn green and blue
     C           G          D      Am
I wanna know the kiss thatâ€™s always new
     C           G        D    Am, C
I wanna be in love with only you
```

G, **D**, **Am**

```
    C           G           D, Am
I wanna be in love with you
    C           G           D           Am
I wanna be in love (I wanna be in love)
    C           G           D, Am
I wanna be in love with you
    C           G           D           Am
I wanna be in love (I wanna be in love)
    C
I wanna be in love with you...

G, D, Am

    C           G           D       Am
I wanna be in love with only you
    C                   G       D           Am
I wanna watch the sky turn green and blue
    C               G           D       Am
I wanna know the kiss thatâ€™s always new
    C           G           D       Am, C
I wanna be in love with only you
        G       D, Am, C
just you, yeah
        G       D, Am, C
just you, yeah
        G       D           Am, C
just you, I wanna be
            G       D, Am, C
With just you yeah
            G                       D
I ainâ€™t got no more words for you

Ending: Am, C, G, D, Am, C, G
