                                             Α
You re the light inside my eyes
                                                     Α
You give me a reason to keep trying

I don t deserve a love that gives me everything
You re everything I want
