

Crystal Ball
P!nk

Capo 3

[Verse 1]

G **C**
Drinking wine and thinking bliss is on the other side of this
Em **C**
I just need a compass and a willing accomplice
G **C**
All my doubts that fill my head are skidding up and down again
Em **C**
Up and down and round again, down and up and round again
G **C** **G** **C**
Oh, I've had my chances and I've taken them all
G **C**
Just to end up right back here on the floor
Em **D**
To end up right back here on the floor

[Pre-Chorus]

G **C** **G**
Pennies in a well, a million dollars in the fountain of a hotel
C **Em** **A**
Fortune teller that says maybe you will go to hell
C **D**
But I'm not scared at all

[Chorus]

Em **C** **G**
The cracks in the crystal, the cracks in the crystal ball

[Verse 2]

G **C**
Sometimes you think everything is wrapped inside a diamond ring
Em **C**
Love just needs a witness and a little forgiveness
G **C**
And a halo of patience and a less sporadic pace
Em **C**
And I'm learning to be brave in my beautiful mistakes
G **C** **G** **C**
Oh, I've felt that fire and I, I've been burned
G **C**
But I wouldn't trade the pain for what I've learned
Em **D**
I wouldn't trade the pain for what I've learned

[Pre-Chorus]

G **C** **G**
Pennies in a well, a million dollars in the fountain of a hotel
C **Em** **A**
Fortune teller that says maybe you will go to hell
C **G**
But I m not scared at all

[Chorus]

Em **C** **G**
The cracks in the crystal, the cracks in the crystal ball

[Verse 3]

Em **C** **G** **D**
Irony, irony, this hate and love, hate and love
Em **C** **G C** **Em D**
What it does to me? What it s done to me? What it s done, done?

[Outro]

G **C** **G**
Pennies in a well, a million dollars in the fountain of a hotel
C **G**
Broken mirrors and a black cat s cold stare
C **G** **C**
Walk under ladders on my way to hell, I ll meet you there
C **G** **Em** **D**
But I m not scared at all, I m not scared at all
Em **C** **G**
Bout the cracks in the crystal, the cracks in the crystal ball
