It's All Your Fault
P!nk

 Hey guys, this is one of my first few tabs and i would love
it if you would rate this so i know if it s accurate. :D
leave me any comments

```
        C#                      G#                              Fm
I d conjure up the thought of being gone
            C#                          G#          Fm
But I d probably even do that wrong
    C#              G#          Fm
I try to think about which way
                    C#              G#              Fm
Would I be able to and would I be afraid
 C#                      G#                      Fm
Cause oh I m bleeding out inside
C#          G#              Fm
Oh I don t even mind (yeah)

    C#              G#
It s all your fault
        C                   Fm
You called me beautiful
        C#              G#
You turned me out
                    C               Fm
And now I can t turn back
 C#             G#
I hold my breath
 C                          Fm
Because you were perfect
            C#                          G#
But I m running out of air
            C       Fm
And it s not fair
```

C# â€"G#â€"Fmâ€" X2
Da da dada da dada da
Da dadadadadada da dadadadadada
```
C#                              G#                      Fm
I m trying to figure out what else to say (what else could I say?)
    C#                      G#                              Fm
To make you turn around and come back this way
(Would you just come back this way)
```

```
   C#                                    G#                                          Fm
I feel like we could be really awesome together
      C#                                G#                                    Fm
So make up your mind cause it s now or never (oh)

CHORUS*

Fm                 C
I would never pull the trigger
Fm                               C#                 G#
But I ve cried wolf a thousand times
Fm                 C
I wish you could
Fm
Feel as bad as I do
C#                          G#
I have lost my mind

      C#                 G#
It s all your fault
         C                            Fm
You called me beautiful
        C#                     G#
You turned me out
                         C                     Fm
And now I can t turn back
    C#                     G#
I hold (I hold) my breath (my breath)
      C                          Fm
Because you were perfect
            C#                             G#
But I m running out of air (running out of air)
             C      Fm
And it s not fair

(Oh yeah
It s all your fault)
    C#       G#
I hold my breath
    C                          Fm
Because you were perfect
             C#                           G#
But I m running out of air
               C                     Fm
And it s not (it s not) fair
```
