Sober
P!nk

[Verse]
```
              Eb             B                      F#      C#
I don t wanna be the girl who laughs the loudest
      Eb          B        F#       C#
Or the girl who never wants to be alone
            Eb           B                    F#         C#
I don t wanna be that call at 4 o clock in the morning
            Eb          B                     F#     C#
 Cos I m the only one you know in the world that won t be home
Eb      B        F#       C#
A------h the sun is blinding
Eb   B              F#     C#
I----      stayed up again
Eb   B       F#     C#
O----h, I am finding
              Eb          B          F#         C#
That s not the way I want my story to end
```

[Chorus]
```
Eb
I m safe
B
Up high
F#                 C#
Nothing can touch me
Eb               B        F#       C#
But why do I feel this party s over?
Eb
No pain
B
Inside
F#               C#
You re like perfection
Eb               B      F#m     C#m
How do I feel this good sober?
```

[Verse]
```
              Eb          B              F#         C#
I don t wanna be the girl who has to fill the silence
   Eb          B                  F#      C#
The quiet scares me  cause it screams the truth
            Eb          B                    F#     C#
Please don t tell me that we had that conversation
         Eb            B                      F#    C#
I won t remember, save your breath,  cos what s the use?

Eb   B              F#       C#
```

A----h, the night is calling?
```
          Eb              B                      F#      C#
```
And it whispers to me softly come and play
```
Eb    B       F#        C#
```
A----h, I am falling
```
          Eb                      B                      F#      C#
```
And If I let myself go I m the only one to blame

[Chorus]
```
          Eb                           B
```
I m coming down, coming down, coming down
```
          F#                                  C#
```
Spinning round, spinning round, spinning round
```
Eb              B  F#    C#
```
Looking for myself - SOBER [x2]

[Verse]
```
          Eb                      B                  F#      C#
```
When it s good, then it s good, it s so good till it goes bad
```
            Eb              B              F#      C#
```
Till you re trying to find the you that you once had
```
          Eb          B                  F#      C#
```
I have heard myself cry, never again
```
          Eb              B              F#      C#
```
Broken down in agony just trying find a fit

[Chorus] x2
Eb--**B**--**F#**--**C#** (for the rest)

Will I ever feel this good sober?
Tell me, No no no no no pain
How do i feel this good sober?
