Sober
P!nk

[Verse]
```
             F              C#                         G#      Eb
I don t wanna be the girl who laughs the loudest
        F           C#        G#        Eb
Or the girl who never wants to be alone
             F              C#                      G#      Eb
I don t wanna be that call at 4 o clock in the morning
             F                      C#                      G#      Eb
 Cos I m the only one you know in the world that won t be home
F    C#         G#        Eb
A------h the sun is blinding
F    C#              G#      Eb
I----      stayed up again
F    C#      G#     Eb
O----h, I am finding
              F           C#        G#        Eb
That s not the way I want my story to end
```

[Chorus]
```
F
I m safe
C#
Up high
G#                      Eb
Nothing can touch me
F                    C#        G#      Eb
But why do I feel this party s over?
F
No pain
C#
Inside
G#                      Eb
You re like perfection
F               C#      G#m        Ebm
How do I feel this good sober?
```

[Verse]
```
             F              C#                 G#      Eb
I don t wanna be the girl who has to fill the silence
    F              C#                    G#     Eb
The quiet scares me  cause it screams the truth
             F           C#                      G#      Eb
Please don t tell me that we had that conversation
          F              C#                      G#    Eb
I won t remember, save your breath,  cos what s the use?
```

```
F    C#                 G#         Eb
```

```
A----h, the night is calling?
          F         C#                    G#      Eb
And it whispers to me softly come and play
F   C#       G#        Eb
A----h, I am falling
          F                  C#                    G#      Eb
And If I let myself go I m the only one to blame

[Chorus]
          F                    C#
I m coming down, coming down, coming down
        G#                              Eb
Spinning  round, spinning  round, spinning  round
F                C# G#    Eb
Looking for myself - SOBER [x2]

[Verse]
          F                    C#                   G#      Eb
When it s good, then it s good, it s so good till it goes bad
          F                C#                G#      Eb
Till you re trying to find the you that you once had
          F         C#                      G#      Eb
I have heard myself cry, never again
          F              C#            G#        Eb
Broken down in agony just trying find a fit

[Chorus] x2
F--C#--G#--Eb (for the rest)

Will I ever feel this good sober?
Tell me, No no no no no pain
How do i feel this good sober?
```
