So! the deal with the **G** and **G***. If you listen to the song, you hear one
note change during the intro/verses on the G chord. I think
the change of just adding the D on the 3rd fret keeps pretty close to
what the song does.

Usually, I always play a **G** with the added D, so in the chorus I prefer it.
Up to you, though.

[Intro]
G   G*   G   G*

[Verse 1]
G   G*
 You took my hand, you showed me how,
G   G*   **Am   Em   D**
 you promised me you d be around...Uhuh, that s right...
G   G*   **G   G***   **Am**
 I took your words and I believed in everything you said to me...
   Em   D
 Yahuh, that s right...

[Chorus]
     C   D   Em   G
 If someone said three years from now you d be long gone,
     C   D   Em   G
 I d stand up and punch them out, cuz they re all wrong...
C   D   Em   G
 I know better, cuz you said forever,
C   D
 and ever...Who knew?

  G   G*   G   G*

[Verse 2]
G   G*   **G   G***   **Am**
 Remember when we were such fools, and so convinced and just too cool...

```
             Oh no...no no...
G        G*                        G            G*                              Am
  I wish I could touch you again, I wish I could still call you a friend,
      Em         D
  I d give anything...

[Chorus]
         C              D                      Em                 G
  When someone said count your blessings now, for they re long gone,
    C             D             Em            G
  I guess I just didn t know how, I was all wrong.
C           D        Em              G
  They knew better, still you said forever,
C           D
  and ever...Who knew?

  G    G*    G     G*

[Bridge]
Am                  Em                     D
  I ll keep you locked in my head, until we meet again...
G        G*              G          G*
          Until we...Until we meet again...
Am                     Em
  And I won t forget you my friend,
D
  what happened?

[Chorus]
       C              D                   Em               G
  If someone said three years from now you d be long gone,
      C           D             Em                 G
  I d stand up and punch them out, cuz they re all wrong and,
C           D              Em            G
  that last kiss; I ll cherish, until we meet again...
C                D          Em              G
  And time makes it harder, I wish I could remember...
C           D            Em            G
  But I keep your memory, you visit me in my sleep,
C           D
  my darlin ...Who knew?

[Outro]
G    G*          G             G*
     My darlin , my darlin ...Who knew?
G       G*             G            G*
  Darling, I miss you...my darlin ...Who knew?

G    G*    G     G*               G
                 Who knew...
