But Anyway Bye Bye

Are you sad that I m leavin
Baby, bye-bye s
Aren t always pleasin
Would you come along
If I was needin
And down on my knees long enough for pleadin

Many thoughts have passed between us But when words aren t made clear

They become meaningless

I gotta get away from here

I m tossin in sleeplessness

Wonderin who has the right to happiness

F# B D#m

I got to clear my head, changes that I dread

G# C#

Are waitin for me, waitin for me

B F#

But Anyway Bye Bye
