

**Dancing On Broken Glass**  
**Poets of the Fall**

[Intro]

**Dsus4**

[Verse 1]

**D** **A**  
This place a palace of light drawn with shade  
**Bm** **A** **G**  
Of silence and pretence a token of our trade  
**D** **A/D**  
And here you and I lie wreathed in flames  
**Bm** **A** **G**  
All over a life lived by making up new games  
N.C.  
Of gazes and whispers

[Chorus]

**D** **A/C#**  
I want you to know I still love you  
**G** **Bm** **A**  
Even though we ve been dancing on broken glass  
**D** **A**  
Parade all your memories for the moments we shared  
**E** **G** **A**  
Never fade away

**D** **A/C#**  
I want you to know I still love you  
**G** **D** **A**  
When I walk down the memory lane  
**Bm** **A**  
Where the night swears its love to the stars  
**E** **G**  
There will be no more tears today, hey, hey

[Verse 2]

**D** **A/D**  
We share a penchant for cyanide praise  
**Bm** **A** **G**  
Fashioned our armors of empathy s malaise  
**D** **A/D**  
And all of that hurt, and all of those words that we said  
**Bm** **A** **G**  
You d think we poisoned the ground on which we tread  
N.C.  
But the lining is silver

[Chorus]

**D** **A/C#**  
I want you to know I still love you  
**G** **Bm** **A**  
Even though we've been dancing on broken glass  
**D** **A**  
Parade all your memories for the moments we shared  
**E** **G** **A**  
Never fade away

**D** **A/C#**  
I want you to know I still love you  
**G** **D** **A**  
When I walk down the memory lane  
**Bm** **A**  
Where the night swears its love to the stars  
**E** **G**  
There will be no more tears today, hey, hey

[Bridge]

**Em**  
The best of intentions will not see the road paved  
**Edim**  
The end of illusions, who could ever be saved  
**A**  
What's left behind in the storms that we've braved  
**C** **Dsus4**  
The troubles we find and the chances we waived

[Break]

**Dsus4** **D** **Dsus2**  
**Dsus4** **D** **Dsus2**

**D** **A**  
We're going where dreams really come true  
**G** **D** **A**  
And we won't be held back by our fears  
**Bm**  
Come hell or high water  
**A** **E** **G**  
We'll trust there's a life for us here this way

[Chorus]

**D** **A/C#**  
I want you to know I still love you  
**G** **Bm** **A**  
Even though we've been dancing on broken glass  
**D** **A**  
Parade all your memories for the moments we shared  
**E** **G** **A**

Never fade away

**D** **A/C#**  
I want you to know I still love you  
**G** **D A**  
When I walk down the memory lane  
**Bm** **A**  
Where the night swears its love to the stars  
**E G**  
There will be no more tears today, hey, hey, hey, hey

[Outro]
