

Tab Version:

Chords:

Ritt.

G D Em D G D/F# Am  
Mercury dances in its skyscraper cell, rising and falling like rhapsody

G D/F# Em Bm Am Bm Em A/E  
And I see winter s broken like lace, in time for a celebration

G D Em D  
Thaw wails inside the walls and laughs in the corners,  
G D/F# Am  
delighting in its evident victory  
G D/F# Em Bm Am Bm Em A/E  
Till I feel springtime counting its days of flaunting a novel sensation

Like it s leaving, leaving behind the weight vying for yesteryear  
Leaving promises in its wake, whispering, my love, you re still here

Ritt.

**G** **D** **Em** **D**  
 Hold on to your memories of sun-dogs and rainbows,  
**G** **D/F#** **Am**  
 as time writes a premature eulogy  
**G** **D/F#** **Em** **Bm** **Am** **Bm** **Em** **A/E**  
 And I feel summertime passing in haste, like running out of patience
