Everyman is a King - The Pogues

Fine song. You can find out the melody out yourself. Here's my shot at the chords.

Verse:

G **D** **G**
In search of a good life the Pilgrims set sail
C **G** **D**
Then all through the new land they blazed their brave trails
C **G** **D**
The iron horse speeding down freshly laid rails
G **C** **Am**
Brought settlers determined to prosper

G **D** **G**
From the far corners they made it their home
C **G** **D**
The ities and germans, the paddies the poles
C **G** **D**
Goin down in the dirt comin up with the gold
G **C** **Am**
Like Bill Fuller, the Kennedys and the Corleones

Chorus:

C **G**
Life is so good in the US of A
C **G** **D**
Live out you dreams in Amerikay
G **C** **G** **D**
If you ve gut the guts and the bucks, it is said
G **C** **D** **G**
Every man is a king in the US of A
G **C** **D** **Em**
Every man is a king in Amerikay

(Pretty simple, same pattern throughout the whole song)
