

Everybody Fades
Point North

[Intro]

Dm C Bb x2

[Verse]

Dm **Bb**
I m waiting by the phone

Dm **Bb**
The silence is the soundtrack to another night alone

Dm **C** **Bb**
Convinced that all the fear I felt could be trapped inside these walls that hold
me in

Dm **C** **Bb**
Hoping that the ghost of truth that I kept from you won t be here in the end

[Chorus]

Bb **Dm** **C**
I can t stop picturing how I used to look with you next to me

Bb **Dm** **C**
Now I can t fall asleep without you in my dreams

Bb **Dm**
Don t wanna look the other way

C
I can t convince myself to stay

Bb
Did your best

Dm
Do reasons change?

C
Just wanna be where I know it s safe

[Instrumental]

Dm C Bb x2

[Verse]

Dm **C** **Bb**
I m never coming home

Dm **C** **Bb**
This place is just a graveyard for the things that we did wrong

Dm **C** **Bb**
Convinced that all the guilt I felt could be hanging on these walls surrounding
us

Dm **C** **Bb**
Hoping that the ghost of you that I see right through won t take away your trust

[Chorus]

Bb **Dm** **C**
I can t stop picturing how I used to look with you next to me

Bb **Dm** **C**
 Now I can t fall asleep without you in my dreams

 Don t wanna look the other way
C
 I can t convince myself to stay
Bb
 Did your best
Dm
