

**Cry Tough**  
**Poison**

**E**

Remember the nights we sat

**A**

**B**

and talked about all our dreams

**E**

Well little did we know then

**A**

**B**

they were more distant than they seemed well I

**F#-**

Well I knew it

**A**

**E**

you knew it too

The things we d go through

**F#-**

**A**

**B**

We knew the things we had to do  
to make it, baby.

Coro:

**E**

**F#-**

You gotta cry tough

**A**

Out on the streets

**B**

To make your dreams happen

**E**

**F#-**

You gotta cry out

**A**

Out to the world

**B**

To make them all come true.

**E**

Life ain t no easy ride

**A**

**B**

At least that s what I am told

**E**

Sometimes the rainbow baby

**A**

**B**

is better than the pot of gold

**F#-**

**A**

You ve got to stick it out

**E**

whether you re wrong or right

**F#-**

**A**

**B**

And you can t give in without a fight  
to make it baby

Coro

**C#-** **C#- B**

You gotta aim high, baby

**A** **A G#-**

whether you lose or win

**F#-**

And when you get to the top

**B**

**E**

You gotta get off or go right back down again
