

Monster You Made

Pop Evil

Take a good look at me now
Do you still recognize me
Am I so different inside
This world is trying to change me
And I admit I don't want to change with it
And I admit I can't go on like this anymore

Chorus:

Erase this monster I've become
Forgive me for all the damage done
It's not over
Say it's not over
I'm begging for mercy
I'm only the monster you made me

C G D

I'm better alone now
See I'm torn from my mistakes
And I stop believing that I could ever make things change
How much can I take
When I know that it hurts you
How long can I wait
When I can't go on like this anymore

Chrous:

C **G**
Because who I am

Em **D**
Isn't who I used to be

C
And I'm not invincible

G
I'm not indestructible

Em
I'm only human

The beauty in me
