Verse 1:

E **G#m** **A**
Such a beautiful color you wear upon your skin
B **E**
And a perfect shade of purple on a flower permanent
G#m **A**
And Im constantly reminded of a past that never bloomed
G#m **A** **B**
As I sit behind these bars only silence fills the room

Chorus:

E
Ive never been down this road before
G#m
As the days go by I only miss you more
A
I thought one day we would touch the sky
B
Never grow up and never going to die
G#m
I never realized what you meant to me
A
Until I tried drowning out your memory
G#m **A**
But it burns red like its not over
B **E**
It only hurts when Im sober
E, G#m, B, A
