

1000x No

Pop Will Eat Itself

[=====]  
[=====]

..Tabbed out by myself.

I love this song, and there is keyboard.. so, here s the keyboard transcribed for bass. Still sounds nice.

Riff 1:

G:  -----	To play this properly, you need a 5-string
D:  -----	bass, which I m currently without. This is as
A:  -----	close as you can get with a 4-string, and does
E:  -0-2--2-0-2--0-0-0-0-	not sound half bad..

Riff 2:

G:  -----	Here is the part played during What do we want?
D:  -----	Respect!
A:  -----2-----	
E:  -5-2222---2-3-0--	

Riff 3:

G:  -----	This is played for 10x 10x 10x no,
D:  -----	a no go to go slow..
A:  -----33-----x32-----	
E:  -202x2---35---202x2----3-----	

Riff 4:

G:  -----	You can play this after he says Sure cert, the
D:  -----2-----	town s on red alert and it will sound alright.
A:  -2323---1212-5-	( It s the bit that s behind the piano.. )
E:  -----	

Riff 5:

G:  -----	This is played during Just gotta say no!
D:  -----	Just gotta scream!

A:|-----|  
E:|-2-0---2-0---2-0---2-0-2-|

The whole song should be easy to piece together from here.. Have fun with it!  
Impress your friends!
