**Cm**

**F**

You may have hurt me all this time and yet I m here tonight

**Bb**

And if i feel something for you now,

**F**

It s all in my brain, it will go away somehow

**Cm**

**F**

I wish nothing more then what i have, I hope you could say the same

**Bb**

And i know that you talk to yourself at night

**F**

Do you feel better do you feel right

**Cm**

**F**

Theres no need to play games tonight

**Bb**

Then she said that she had enough

**F**

Im looking at you oh baby listen now

**Cm**

**F**

I may need to go outside, the air feels so fresh tonight

**Bb**

And its the end of summer can you feel it now

**F**

The world is spinning faster somehow

**Cm**

**F**

There are things that can never be said aloud
