Porcupine Tree

Tabbed by: Pottle

Email: \*

Tuning: Standard...the bass needs drop D, but our 6th string isn't used.

This is my first tab ever, so any rates/comments are appreciated.

Hope you have an E-Bow handy for those infinitely long sustains on the first part.

Listen to the song for the timing...(E-Bow)

```

B |-----|
G |-----|
D |-----|
A |-----|
E |-----|

```

...and then with this backward effect...

```

e | /-10--/--12--/--15--/--18---5-----10--5-----10--5-- |
B |-----|
G |-----|
D |-----|
A |-----|
E |-----|

```

The acoustic part...it's an easy little strumming pattern, so I'll just put the chords.

this for the rest of the song, it's buried underneath all the layer.

```

e |-----0-----|-----0-----|-----0-----|-----1-----|
D |-----0-----|-----0-----|-----0-----|-----0-----|
A |-----0-----|-----0-----|-----0-----|-----0-----|
E |-----|-----|-----|-----|

```

When the band comes back in, there's this last little part that's some kind of effect

with a wah...let those notes wail before you pull off. Play this twice.

```

e |-----|
B |-----|
G | --14p9----14p9-/-10----14p9----14p9-/-7-----|
D |-----|
A |-----|
E |-----|

```

And that s it, hope everything is correct. :)
