Alive for Nothing

**Am C Am C x2**

**Am C Am C**  
What are we going through  
**Am C Am C**  
Makes you wonder what to do  
**Am C Am C**  
And all the time will tell the truth  
**Am C Am C**  
Till then I ll just follow you

**D Am**  
But in my dreams I see  
**D Am**  
Lots of things I dont  
**D C**  
Want anything to do with

**Am C Am C x2**

Lies are everywhere I ve been  
Waiting there like an old friend

But in my mind I can t  
Stretch no time  
I cant be alive for nothing

**Am C Am C x2**

End on Am
