Rest My Head

**Bm Bmadd7 Bm F#m Bm**

**A Bm A Bm**

**D A G Bm A G**

**Bm F#m Bm F#m**

Im staring at the street from my old chair

**Bm F#m Bm F#m**

And I still got a flower in my hair

**Bm F#m Bm F#m**

And Im just waiting for somebody to pass by

**Bm F#m Bm F#m**

Maybe he ll give me a waive to say hi

**A Bm**

But if no one seems to notice

**A Bm**

And if no one seems to mind

**A Bm**

Then Ill just watch these bluebirds

**A Bm**

Ive got plenty of time

**Bm F#m Bm F#m**

And Ive been waiting for a hell of a long time

And I hear someone ask why, its a dear old friend

And while its clear that all he does is think about where to go

All I think about is where I been

And I cant help but understand

I cant help but realize

Its time for me to lie down

And close these tired eyes

**D A G**

And I will rest my head

**Bm A G**

And I will rest my head

**D A G**

And I will rest my head

**Bm A G**

And I will rest my head

**D            A            G**

And I will rest my head

**Bm           A            G**

And I will rest my head
