B **A** **B**
There was the faintest sliver of the moon

A **B**
At two o'clock this afternoon

A **B**
Well you and me, we share the same one

A **B**
We're out there battling the sun

A **B**
Knockin' chips with a five piece stick off a dull gray rock

A **B**
But nothin' s getting done

A **B** **A**
Don't it seem, don't it seem like nothin' ever gets done

D (**Bm**)
They can call us hicks,

G **A**
we got your smile just wide enough to

D (Bm) G A
lodge between the bricks of some small history, yeah

D (Bm) G A
Some can throw a switch and it can sell you some half-truths
D (Bm)
So lie and tell me you miss me
A G B A B A
Yeah tell me you miss me, yeah

B A B
The rails we ride were always built
A B
On someone else's shoulders
A B
Well and the river rides smooth
A B
over hond yellow boulders
A B
You might hear the sound of what you love fading out to nothing
A B
A strip of pink on the horizon

B A B
But what you love will always smolder
B A B
The thing you love will always smolder
B A B
I think what you love will always smolder
B A G
The thing you love will always smolder

D (Bm)
They can call us hicks,
G A
we got your smile just wide enough to

D (Bm) G A
lodge between the bricks of some small history, yeah

D (Bm) G A
Some can throw a switch and it can sell you some half-truths
D (Bm)
So lie and tell me you miss me
A G B A B A
Yeah tell me you miss me, yeah
